
legally married?

Posted by GelRon - 2011/12/28 23:33

Its possible to be married by the church but not registered as married with the local government. In such situation, is a divorce necessary of a couple is only married in the eyes of the church?

YOu can be married by religion but not by the state. If you are not married in the eyes of the state, then you are not married legally and you are not entitled to file a joint income tax return and not entitled to any social security survivorship benefits.
